The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**ATHENS/WOODCREST/OLIVITA GARBAGE DISPOSAL DISTRICT
SUPERVISORIAL DISTRICT 2
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING
BODY OF THE ATHENS/WOODCREST/OLIVITA GARBAGE DISPOSAL
DISTRICT:**

1. Award the contract to H&C Disposal Company, Inc., located in Hawthorne, California, for the automated collection of refuse and its transportation and management (including disposal), as well as the separate automated collection and management of recyclable materials and green waste generated by all single and multi-family residences, businesses, commercial enterprises, and industrial establishments within the Athens/Woodcrest/Olivita Garbage Disposal District. The contract's annual amount of \$1,496,209 will be obtained from funds included in the District's proposed Fiscal Year 2005-06 budget. The term of the contract will be 60 months, commencing on July 1, 2005, and ending June 30, 2010.
2. Delegate authority to the Acting Director to execute this contract and to terminate this contract, if, in the opinion of the Acting Director/Director, termination is in the best interest of the District.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The recommended action is to award the contract for the automated collection, transportation, disposal/management of refuse, and the separate automated collection

and management of recyclable materials and green waste generated by all residences, multi-family residences, businesses, and commercial/industrial establishments in the District.

Collection and proper management of solid waste generated within the County's seven garbage disposal districts are provided by private sector under contract with the County. The current contract for these services in the District will expire on June 30, 2005. The recommended contract is required to continue to meet the refuse, recyclable, and green waste collection requirements of the District residents and businesses. To meet the requirements of the California Integrated Waste Management Act of 1989, Assembly Bill 939, the contractor will be required to provide special containers to all single-family and duplex residents for the collection of green waste (i.e., lawn clippings, etc.) and for recyclable materials (i.e., newspapers, metal cans, etc.). This contract also requires the contractor to provide recyclable and green waste collection services to other District customers upon their request and/or as directed by Public Works.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Service Excellence since providing continuous refuse collection and disposal services to residential and business establishments within the District without interruption, protects the environment, and health and safety of District residential, and business establishments, as well as improves the quality of life within the District.

FISCAL IMPACT/FINANCING

Annual payment to the contractor will be \$1,496,209, which is based on the contractor's monthly fees of \$124,684.08 for refuse, recyclable, and green waste collection and disposal. This contract will be for a period of 60 months, commencing on July 1, 2005, and ending June 30, 2010. Work under this contract may be canceled or terminated anytime by the County, with cause, upon providing at least 60 days' written notice to the contractor. However, this contract may be canceled, without cause, after 36 months.

Payment adjustments for the refuse collection and recycling services will be based on the workload and/or on the contractor's demonstration that significantly higher disposal fees are being imposed on its operations. The proposed contract does not provide for payment adjustments due to increase in the Consumer Price Index.

Funding for this contract has been included in the proposed Fiscal Year 2005-06 budget for the District. Based on the contractor's annual contract amount, a Proposition 218

process will not be necessary, as the current fees assessed to the District's property owners are sufficient for funding this contract.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Prior to the Acting Director executing this contract, which is substantially reflected in Enclosure A, the contractor will sign. County Counsel has reviewed this contract as to form.

Public Works has evaluated and determined that the Living Wage Program (Los Angeles County Code Chapter 2.201) does not apply to this recommended contract as authority to contract for this service is expressly provided by statute (Public Resources Code Section 49019). County Counsel concurs with this determination.

CONTRACTING PROCESS

On December 21, 2004, Public Works solicited proposals from 128 Countywide permitted haulers approved by the County Department of Health Services to operate within the District. Also, a notice of bid availability was placed on the County's bid website (Enclosure C) and an advertisement was placed in the Los Angeles Times for ten consecutive days.

On January 26, 2005, five proposals were received. Public Works reviewed each bid to determine if the bidder was responsible and responsive. All bidders were found to be responsible and responsive. It is recommended that this contract be awarded to the lowest cost, responsible, and responsive bidder, H&C Disposal Company, Inc., located in Hawthorne, California. The contractor has met all the minimum qualifications, having proven capability and experience to successfully provide the requested service in accordance with the contract's specifications and having demonstrated an understanding of the work required.

As requested by your Board, the contractor has submitted a safety record which, in our opinion reflect that activities conducted by the contractor in the past have been according to reasonable standards of safety.

Evidence of the required Comprehensive General and Automobile Liability insurance policies naming the County as additional insured, Workers' Compensation insurance, and a performance security will be obtained from the contractor before any work commences.

The Honorable Board of Supervisors
March 17, 2005
Page 4

This contract contains Board-ordered contract terms regarding contractor responsibility and debarment, jury service requirements, nonpayment for services received after expiration or termination of the contract, the Safely Surrendered Baby Law, and the County protest policy.

Enclosure B reflects each bidder's minority participation. Upon final analysis and consideration, the contractor was selected without regard to race, creed, gender, or color.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that this contractor will not be required to perform services that will exceed the contract's approved amount, scope of work, and/or terms.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this contract will not result in the displacement of any County employees.

CONCLUSION

One approved copy of this letter is requested.

Respectfully submitted,

DONALD L. WOLFE
Acting Director of Public Works

Unless otherwise approved in writing by the Director/Designee, Contractor shall not dispose of recyclable materials and green waste in a disposal site and/or transformation facility.

The work shall be done in a thorough and professional manner to the satisfaction of the Director/Designee. The Director/Designee shall approve or disapprove Contractor's performance under this Contract. All refuse, recyclable materials, and green waste collected by Contractor shall be and become Contractor's property from the time when they are deposited at the curbside or locations otherwise designated for such collection.

The exclusive provisions hereof shall not preclude any person, firm, or corporation within the District who requires daily or other service in excess of the minimum service herein provided, insofar as it pertains to the collection of refuse, recyclable materials, and green waste, from entering into a separate agreement with either Contractor or with some other person, firm, or corporation not connected with the District, for such service.

The hinge assembly shall not be capable of being readily removed by the public by hand or with ordinary tools. The containers shall be constructed of recyclable content at a minimum of 25 percent post-consumer materials. A conspicuous notice shall be affixed on the container warning that the disposal of hazardous wastes in the container is prohibited. The notice shall be written both in English and Spanish.

The label shall be no smaller than 12 inches by 18 inches in size and shall be written in both English and Spanish. The names and telephone numbers of Contractor and the District shall also be provided on the label.

- f. All the containers and dumpster/roll-off receptacles for automated collection of refuse, recyclable materials, and green waste, shall remain the property of Contractor. Public Works will compute the rate per unit in the following manner: the initial monthly compensation will be divided by the basic unit count, thus

establishing a monthly rate per unit. This rate per unit shall prevail throughout the life of this Contract, except as specifically provided for in this Exhibit's Section 2.A.5, Petition for Rate Adjustment. Computation described herein shall be carried to the fourth decimal place.

4. Method of Computing Monthly Compensation

As affecting subsequent payments, Public Works will multiply the current count of units, viz., the count as of July 1, by the monthly rate per unit as established in the foregoing paragraph, entitled "Method of Computing Rate Per Unit", thus establishing a new monthly compensation for collection service, which monthly compensation shall be paid Contractor during the ensuing 12-month period.

5. Petition For Rate Adjustment

The initial monthly compensation will not be adjusted on the movements of the All Urban Consumer Price Index for the Los Angeles-Riverside-Orange County area during the term of this Contract.

In the event Contractor experiences substantial cost increases in disposal fees or transportation costs due to lack of availability of disposal sites within 100 miles from the Kenneth Hahn Hall of Administration, and the increased costs exceed by ten percent or more the adjustment in the All Urban Consumer Price Index for Los Angeles-Riverside-Orange County, Contractor will be entitled to petition the Director for rate adjustment to compensate Contractor for any such unusual cost increase(s) as provided below. No adjustment will be made on the basis of: 1) fuel price increases; and 2) disposal fee or transportation cost increases which are not the result of a lack of availability of disposal sites. In addition, any increase shall not exceed the average salary movement granted to County employees. Should fiscal circumstances ultimately prevent the Board from approving any increase in County employees salaries, no adjustments will be granted. If at any time after the first 12 months of this Contract, the above-mentioned costs exceed by ten percent or more of all Annual Escalation Adjustments (see this Exhibit's Section 2.A.7, Method of Calculation of Annual Escalation Adjustment) in All Urban Consumer Price Index for Los Angeles-Riverside-Orange County, as calculated by applying the adjustment formula defined hereinafter, the County will consider Contractor's petition for an adjustment to compensate Contractor for the amount by which the increased costs exceed said adjustments in the All Urban Consumer Price Index for Los Angeles-Riverside-Orange County.

Contractor may petition the Director/Designee and include as part of the petition a detailed schedule comparing the current disposal fee(s) at

disposal sites used to dispose of District refuse to the disposal fee(s) at the time of the initial proposal.

Contractor shall also make available to the Director/Designee any additional documentation and support schedules relating to disposal fees, or transportation cost increases that the Director/Designee deems necessary in order to determine the actual increase(s). Such documentation shall include, but not be limited to disposal site receipts, driver route schedules, vehicle numbers (including truck license numbers), disposal sites, and summary sheets of monthly disposal costs, fuel usage, and productivity reports. Contractor shall also provide an explanation for use of any alternate disposal sites.

All increases authorized pursuant to those paragraphs entitled "Petition for Rate Adjustment" will be subject to total maximum amount of 25 percent of the **Task One** initial monthly compensation over the term of this five-year Contract.

The Director/Designee will, within 45 working days of receipt of Contractor's petition and detailed schedule, perform a review to substantiate the increase(s). At that time, the Director will determine at the Director's sole discretion whether Contractor has substantiated its petition for increase and an adjustment may be made to the annual rate to compensate Contractor for the increase(s). Such adjustment shall only be made to the extent funds are available. The Director/Designee may request the assistance of the Auditor-Controller in making an adjustment for which a petition and documentation has been received. An adjustment made for a petition submitted prior to February 1 will become effective the following July 1.

6. Method of Calculation of Annual Escalation Adjustment

The following is applicable only if a rate adjustment is authorized by the Director pursuant to this Exhibit's Section 2.A.5, Petition for Rate Adjustment. Calculate the percentage movement in the seasonally unadjusted All Urban Consumer Price Index for the Los Angeles-Riverside-Orange County area for the 12-month period preceding March 1 (all items: 1982-84=100), as reported by the U.S. Department of Labor for the year in question (March 200x). Percentage movement is derived by dividing the number of index points reported at the end of the year in question by the number of index points reported at the beginning of the year in question, rounding to the nearest 10,000th; multiplying by 100; and subtracting 100.

7. Change in Service Area/Population of District

It is understood that the monthly compensation to be paid Contractor shall be increased in proportion to the number of units or to enlargement of the boundaries of the District or to expansion of the area to be served, and that the monthly compensation shall be decreased if the number of units served decreases, whether such decrease be due to decrease of population or diminution of the size of the District.

It is further understood that the annual count of units as described in this Exhibit's Section 2.A.2, Counts of Refuse Units, shall be deemed to accurately reflect the increase or decrease in inhabitants served.

Alternative methods of comparable accuracy agreed upon by Contractor and the Director/Designee may be used to determine the population of the District. Where a portion of territory of the District is excluded there from during the time covered by this Contract and Contractor has no further obligation hereunder to make collection in such excluded area. The Board may, at its discretion, direct that a count of all units in the territory remaining in the District be made between the first and the 20th of the month immediately following the month wherein said exclusion from the District was determined. The count will be used for the purpose of computing compensation to Contractor until the next annual count of units as set forth hereinabove. In such instance, the provisions of this paragraph shall control payment hereunder, notwithstanding anything to the contrary in these Specifications.

8. Protest

Immediately upon completion of the count of units and computation of new monthly compensation in each instance as provided hereinabove, the Director/Designee will notify Contractor of said count and monthly compensation. Within 30 days of such notification, Contractor may protest said count of units or new monthly compensation, in writing, setting forth the reasons for the objection.

Should such protest be filed, Contractor and the Board shall each select an arbitrator and the two persons so selected shall choose a third arbitrator. These three persons shall constitute a Board of Arbitration and they shall settle the dispute as to such count of units or monthly compensation within 15 days of the date of their appointment, and shall prepare written report to Contractor and to the Board setting forth their decision as to what shall be deemed an equitable count of units or monthly compensation under the circumstances. Contractor and the District shall be bound by the decision of the Board of Arbitration and shall thereafter be barred from protesting said count or any payment made

pursuant to the recommendations of the Board of Arbitration. County and Contractor agree to split the costs of the Board of Arbitration.

In the event Contractor protests the count of units or monthly compensation as described herein, any payment for services based on said count shall be withheld until the final determination and report by said Board of Arbitration. In the event no protest is filed as provided herein, then the count of units and monthly compensation established by Director shall be final and binding on both the District and Contractor.

9. Funds

Except as otherwise provided, Contractor shall look exclusively to the funds of the District for payment. No payment can or will be made to Contractor from the funds of the District until the proceeds of tax collections and service charges are available for discharge to the payments to be made under this Contract, and no liability against the District funds or the County or any officer or agent of the County will arise by reason or lack of funds in the County Treasury to the credit of the District, or the inability to meet the payments under this Contract as they become due.

10. Dissolution of District

It is understood that in the event of the dissolution of the District, this Contract and all obligations of either of the parties thereto shall be at an end, whether such dissolution results from proceedings under the provisions of the act pursuant to which the District was created, or by operation of law, or resulting from municipal annexation or incorporation.

B. Payment – TASK TWO

1. Payment Rate

Contractor will be paid the Monthly Payment Rate of compensation reflected in Form PW-2, Schedule of Price, for alleys only for which Contractor has agreed to perform the services described in these Specifications for Task Two for alleys during the calendar months beginning July 1, 2005, and ending June 30, 2010.

Contractor will be paid the Hourly Rate shown in Form PW-2, Schedule of Price, for as-needed streets cleanup services. The hourly rate for the as-needed streets cleanup services shall include all costs for a driver and helper, supervision, equipment (truck) and materials. Public Works will reimburse the Contractor for any disposal fee associated with items picked up under these as-needed street cleanup services.

2. Unit Measurement

The basis of measurement shall be by the length of paved and/or unpaved alleys in miles within the District which is specified in Public Works' current Classification of Road Surfaces and is considered to be accurate. Public Works will compensate the Contractor for alley cleanup services at the monthly compensation which is computed by multiplying the monthly rate per mile of alley by the total length of alleys within the District in miles as shown in Form PW-2, Schedule of Prices, for Task Two – Alleys. The total length of alleys in the District as shown on Form PW-2, Schedule of Prices, is approximately 12.66 miles. No rate adjustments for inflation and/or other causes under the Street and Alley Cleanup Program will be made during the life of this Contract for Task Two.

3. Funds

Except as otherwise provided, the Contractor shall look exclusively to the Road Fund for payment of the street and alley clean up. No liability against the District's funds or the County or any officer or agent of said County will arise by reason of lack of funds in the Road Fund.

4. Dissolution of District

It is understood that in the event of the dissolution of the District, this Contract and all obligations of either of the parties thereto shall be at an end, whether such dissolution results from proceedings under the provisions of the act pursuant to which the District was created, or by operation of law, or resulting from municipal annexation or incorporation.

C. Method of Payment

Contractor shall present separate monthly invoices for Tasks One and Two in triplicate (one original and two copies) for all work performed during the preceding month in the monthly amount shown in Form PW-2, Schedule of Prices. Public Works agrees to make payment to Contractor within 30 days of the receipt of a properly completed invoice from Contractor.

2. All funds for payments after June 30 of the current fiscal year are subject to the County's legislative appropriation for this purpose. Payments during subsequent fiscal periods are dependent upon the same action.
3. In the event this Contract extends into succeeding fiscal year periods, and if the governing body appropriating the funds does not allocate sufficient funds for the next succeeding fiscal year's payments, then the affected equipment and/or work shall be terminated as of June 30 of the then current fiscal year. The County shall notify the Contractor in writing of such nonallocation at the earliest possible date.

This provision shall survive the expiration or other termination of this Contract.

D. Nondiscrimination in Employment

1. The Contractor shall ensure that qualified applicants are employed, and that employees are treated during employment without regard to their race, color, religion, ancestry, national origin, age, condition of physical or mental disability, marital status, political affiliation, sexual orientation, or

While the County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated State or Federal antidiscrimination laws or regulations shall constitute a finding by the County that the Contractor has violated the antidiscrimination provisions of this Contract.
5. The parties agree that in the event the Contractor violates the antidiscrimination provisions of this Contract, the County shall, at its option, be entitled to a sum of \$500 pursuant to California Civil Code Section 1671 as liquidated damages in lieu of canceling, terminating, or suspending this Contract.

E. Assignment

1. The Contractor may not delegate its duties or assign its rights under this Contract, either in whole or in part, without the prior written consent of the Director. Any prohibited delegation of duties or assignment of rights under this Contract shall be null and void and shall constitute a breach for which the Contract may be terminated. 2. Any delegation of duties or assignment of rights, including but not limited to a merger, acquisition, asset sale and the like, shall be in the form of a subcontract or formal assignment, as applicable. 2. For breach or violation of this warranty, the County shall have the right to terminate this Contract and, at its sole discretion, deduct from this Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

K. Governing Laws

This Contract shall be construed in accordance with and governed by the laws of the State of California.

L. Termination for Improper Consideration

consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment or extension of this Contract or the making of any determinations with respect to the Contractor's performance pursuant to this Contract. In the event of such termination, County shall be entitled to pursue that same remedies against the Contractor as it could pursue in the event of default by the Contractor.

2. The Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment or tangible gifts. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 554-6861. Such material, including all pertinent costs, accounting, financial records, and proprietary data, shall be kept and maintained by the Contractor, at a location in Los Angeles County, for a period of five years after completion of this Contract unless the County's written permission is given to dispose of material prior to the end of such period.

O. Validity

The invalidity in whole or in part of any provision of this Contract shall not void or affect the validity of any other provision.

P. Waiver

No waiver of a breach of any provision of this Contract by either party shall constitute a waiver of any other breach of said provision or any other provision of this Contract. Failure of either party to enforce at anytime or from time to time,

any provision of this Contract shall not be construed as a waiver thereof. The remedies herein reserved shall be cumulative and additional to any other remedies in law or equity.

The Contractor shall not disclose any details in connection with this Contract to any party, except as may be otherwise provided herein or required by law. However, in recognizing the Contractor's need to identify its services and related clients to sustain itself, the County shall not inhibit the Contractor from publicizing its role under this Contract within the following conditions:

1. The Contractor shall develop all publicity material in a professional manner.
2. During the course of performance of this Contract, the Contractor, its employees, agents, and subcontractors shall not publish or disseminate commercial advertisements, press releases, opinions or feature articles using the name of the County without the prior written consent of the Chief Administrative Officer and County Counsel. R. Default and Termination

1. Default

- a. The County may, subject to the provisions of subsection c (pertaining to defaults of subcontractors) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:
 - i. If the Contractor fails to perform the work within the time specified herein or any extension thereof; or
 - ii. If the Contractor fails to perform any of the other provisions of this Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 calendar days (or such longer

period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

- b. In the event the County terminates this Contract in whole or in part as provided in Subsection a above, the County may procure, upon such terms and in such manner as the County may deem appropriate, services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar services, provided that the Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.
- c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.
- d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to this Exhibit's Section 3.R.4, Termination for Convenience.
- e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
- f. As used herein, the terms "subcontractor" and "subcontractors" mean persons, companies, corporations, or other organizations furnishing supplies, services of any nature, equipment, or materials to Contractor, at any tier, under oral or written agreement.

2. Default for Insolvency

The County may cancel this Contract forthwith for default in the event of the occurrence of any of the following:

- a. The County reserves the right to renegotiate the terms of this Contract to reduce the Contractor's compensation in the event such reduction is necessary, in the sole discretion of the County, to achieve County budget reductions. Nothing in this paragraph is intended to diminish the County's right to terminate this Contract as provided herein.
- b. The County may at any time terminate this Contract, or any portion thereof, without liability (except as hereinafter provided) by delivering to the Contractor written notice specifying the desired termination date at least 30 days in advance thereof.

Reports, samples, and other materials prepared by the Contractor under this Contract shall be delivered to the County upon request and shall become the property of the County.

5. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Requirements

Failure of the Contractor to maintain compliance with the requirements set forth in this Exhibit's Section 3.G, Contractor's Warranty of Adherence to County's Child Support Compliance Program, shall constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of the Contract, failure of the Contractor to cure such default within 90 calendar days of written notice shall be grounds upon which the County may terminate this Contract pursuant to this Exhibit's Section 3.R.1, Default, and debar the Contractor pursuant to County Code Chapter 2.202.

6. Termination Claim

- a. If this Contract is terminated, the Contractor shall, within 60 days after the Notice of Termination, submit to the County its termination claim.
- b. Subject to the provisions of the paragraph immediately below, the County and the Contractor shall negotiate an equitable amount to be paid the Contractor by reason of the total or partial termination of work pursuant to this clause, which amount may include a reasonable allowance for profit on services rendered, but shall not include an allowance on services terminated. The County will pay the agreed amount provided that such amount shall not exceed the total funding obligated under this Contract, and reduced by the amount of payments otherwise made, and as further reduced by this Contract price of work not terminated.
- c. Failure of the Contractor to submit its termination claim and invoice within the time allowed, the County may determine, based on information available to the County, the amount, if any, due to the Contractor in respect to the termination, and such determination shall be final. After such determination is made, the County will pay the Contractor the amount so determined.

2. Failure by the Contractor to comply with provisions of this clause will be grounds for immediate cancellation of this Contract.

D. Consideration of Hiring GAIN/GROW Employees

Should the Contractor require additional or replacement personnel after the

For this purpose, consideration shall mean that the Contractor will interview qualified candidates. The County will refer GAIN/GROW participants by category to the Contractor.

E. Notice to Employees Regarding the Federal Earned Income Credit

The Contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. The Contractor shall retain such documentation for all covered employees for the period prescribed by law. G. Consideration of Hiring County Employees Targeted for Layoffs

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified former County employees who are on a reemployment list during the life of this Contract.

SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

- A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed Contract. It is the County's policy to conduct business only with responsible contractors.
- B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding on County contracts for a specified period of time not to exceed three years, and terminate any or all existing contracts the Contractor may have with the County.
- C. The County may debar a contractor if the Board of Supervisors, in its discretion, finds that the Contractor has done any of the following: (1) violated any term of a contract with the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.
- D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which will contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. If the Contractor fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, the Contractor may be deemed to have waived all rights of appeal.
- F. A record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.
- G. These terms shall also apply to subcontractors of the Contractor.

SECTION 7

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with the Contractor or that the Contractor deducts from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if the lesser number is a recognized industry standard and is approved as such by the County. If the Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If the Contractor is not required to comply with the Jury Service Program when this Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an exception to the Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that the Contractor demonstrate to the County's

satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

4. The Contractor's violation of this Section of the Contract may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate this Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

- D. If the Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:
 - 1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;
 - 2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and
 - 3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).
- E. The above penalties shall also apply if the Contractor is no longer eligible for certification as a result of a change of its status and the Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 9

SAFELY SURRENDERED BABY LAW PROGRAM

A. Notice to Employees Regarding the Safely Surrendered Baby Law

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit D to this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

B. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

Department of the Treasury
Internal Revenue Service
Notice 1015

(Rev. December 2003)

**Have You Told Your Employees About the
Earned Income Credit (EIC)?**

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

A change to note. Workers cannot claim the EIC if their 2003 investment income (such as interest and dividends) is over \$2,600.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on **Form W-4**, Employee's Withholding Allowance Certificate.

Note: You are encouraged to notify each employee whose wages for 2003 are less than \$34,692 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS **Form W-2**, Wage and Tax Statement, which has the required information about the EIC on the back of **Copy B**.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- **Notice 797**, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 9, 2004.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at www.irs.gov.

**How Will My Employees Know If They Can
Claim the EIC?**

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2003 instructions for Form 1040, 1040A, 1040EZ, or **Pub. 596**, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2003 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2003 and owes no tax but is eligible for a credit of \$791, he or she must file a 2003 tax return to get the \$791 refund.

**How Do My Employees Get Advance EIC
Payments?**

Eligible employees who expect to have a qualifying child for 2004 can get part of the credit with their pay during the year by giving you a completed **Form W-5**, Earned Income Credit Advance Payment Certificate. You **must** include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see **Circular E (Pub. 15)**, Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

Sin pena. Sin culpa. Sin peligro.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Solo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

**Cada recién nacido merece una
oportunidad de tener una vida saludable.
Si alguien que usted conoce está pensando
en abandonar a un recién nacido, infórmele
qué otras opciones tiene.**

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.
